# Truvox AM3000 Air Mover - 240V Carpet, Floor & Room Dryer

**Variant code: 16-AM3000**

**Truvox AM3000 Air Mover** is a **professional high-performance carpet, floor and room dryer** designed to accelerate drying times and improve air circulation in commercial and industrial environments. Delivering an impressive airflow of **2,600m³/h**, the AM3000 provides rapid drying of carpets, hard floors, walls and other surfaces, helping cleaning professionals reduce downtime and return areas to service more quickly.

Engineered with a powerful motor and optimised airflow design, the AM3000 features large air inlets and exhaust outlets to maximise airflow efficiency and productivity. Its **three-speed control switch** allows operators to select the ideal airflow setting for different drying, ventilation and cooling applications.

The robust **high-density polyethylene housing** is resistant to splitting, cracking and rusting, providing exceptional durability in demanding cleaning environments. Reinforced motor mounting enhances reliability and supports a long operational lifespan, making the machine suitable for extended working shifts and intensive commercial use.

Lightweight and portable, with integrated carry handles, the AM3000 is ideal for contract cleaners, specialist carpet cleaners and facilities management teams. Whether drying carpets after extraction cleaning, ventilating enclosed spaces or providing cooling airflow, this versatile air mover delivers dependable performance across a wide range of applications.

## Product Features

- **High airflow output of 2,600m³/h**
- Powerful 240V carpet, floor and room dryer
- **Three-speed airflow control**
- High-density polyethylene housing
- Reinforced motor mounting for durability
- Suitable for drying, ventilation and air circulation
- Integrated easy-carry handles

- Professional-grade construction

## Product Benefits

- **Significantly reduces carpet and floor drying times**
- **Improves air circulation and ventilation in enclosed spaces**
- **Three speed settings provide flexibility for different tasks**
- Durable housing resists cracking, rust and impact damage
- Portable design allows easy transport between work areas
- Reliable performance for extended commercial use

## Technical Characteristics

- Model: **Truvox AM3000**
- Power Supply: **240V**
- Airflow: **2,600m³/h**
- Speed Settings: **3**
- Housing Material: **High-Density Polyethylene**
- Application: Drying, Ventilation & Air Movement
- Integrated Carry Handles
- Reinforced Motor Mounting

## Applications

Truvox AM3000 Air Mover is ideal for **contract cleaners, carpet cleaning specialists, facilities management companies, healthcare facilities, schools, offices, hotels, leisure centres and commercial buildings**. Suitable for **drying carpets after extraction cleaning, accelerating hard floor drying, ventilating enclosed spaces, drying walls and providing cooling airflow**, it offers a versatile solution for professional cleaning and maintenance operations.

| Property | Value |
|---|---|
| Length (mm) | 380 |
| Warranty (Years) | 1 |
| Cable Length (m) | 6 |
| Weight (kg) | 10.2 |

Tel: 01626 355177
