

Truvox Air Mover 240V

Variant code: 16-AM3000

This carpet and room dryer produces airflow of 2600 m³/h to make drying floors of any type or size quick and easy. Its high air volume, inlets and exhaust provides smooth air flow and maximum productivity.

The polyethylene housing does not split, crack or rust, protecting the fan and motor. Suitable for extended shifts, the motor and other components provide a reliable machine and long operational life.

Perfect for contract cleaners and specialist carpet cleaners; the AM3000 significantly reduces the drying time of carpets after extraction cleaning. This portable blower also dries floors and walls, provides effective ventilation of enclosed spaces and is a high performance fan for hot days.

- High airflow for rapid drying
- Aids air circulation and ventilation
- Three-speed switch to select the optimal airflow for the job
- High density polyethylene housing for durability
- Reinforced motor mounting for reliability and long life
- Easy-carry handles for comfortable portability
