Truvox Multiwash Battery Charger - For Multiwash Battery Models

Variant code: 16-90058880000

Truvox Multiwash Battery Charger is a **genuine replacement charging unit** designed specifically for compatible **Truvox Multiwash battery-powered scrubber dryers**. Engineered to provide safe, efficient and reliable charging performance, this charger helps keep your Multiwash machine powered and ready for daily cleaning operations.

Designed for seamless compatibility with Truvox battery-operated Multiwash models, the charger delivers the correct charging cycle to maximise battery performance and support long battery life. Its reliable operation helps minimise machine downtime and ensures your cleaning equipment remains available when needed.

Built to Truvox's professional standards, the charger is robust, dependable and suitable for regular commercial use. Whether replacing an existing charger or purchasing a spare for additional convenience, this genuine accessory ensures optimum charging performance and equipment reliability.

Ideal for professional cleaning contractors, facilities management teams and commercial cleaning operations, the Truvox Multiwash Battery Charger is an essential accessory for maintaining battery-powered Multiwash machines.

Product Features

- **Genuine Truvox battery charger**
- Designed for compatible **Multiwash battery-powered machines**
- Provides safe and efficient battery charging
- Supports optimum battery performance
- Reliable commercial-grade construction
- Easy to connect and operate

Product Benefits

- **Keeps Multiwash machines charged and ready for use**
- **Helps maximise battery performance and lifespan**
