Truvox Replacement Flex/Power Cable - For Multiwash Scrubber Dryers

Variant code: 16-9002990000

Truvox Replacement Flex/Power Cable is a **high-quality mains power cable** designed for compatible **Truvox Multiwash scrubber dryers**. Engineered to provide a safe and reliable electrical connection, this replacement cable restores dependable power delivery, helping your machine maintain optimum cleaning performance in demanding commercial environments.

Manufactured from durable, heavy-duty materials, the cable is designed to withstand frequent use while resisting twisting, abrasion and everyday wear. Its flexible construction allows easy manoeuvrability during operation, providing reliable power transmission without restricting movement around the cleaning area.

Designed as a direct replacement component, the power cable installs quickly and easily, minimising maintenance time and restoring safe machine operation. Replacing a damaged or worn cable helps improve electrical safety, reduce downtime and extend the service life of your Truvox Multiwash scrubber dryer.

Ideal for routine servicing and repairs, this replacement power cable ensures reliable power delivery for professional floor cleaning applications.

Product Features

- **Replacement mains power cable**
- Designed for compatible **Truvox Multiwash scrubber dryers**
- Heavy-duty flexible cable construction
- Provides safe and reliable power delivery
- Durable insulation for commercial use
- Direct replacement component
- Quick and easy installation
- Suitable for routine maintenance and repairs

Product Benefits

- **Restores safe and reliable machine operation**
