Truvox Hydromist 35 - 45cm Carpet Cleaning Machine

Variant code: 16-HM35

Truvox Hydromist 35 is a professional **45cm carpet cleaning and extraction machine** designed to deliver powerful deep-cleaning performance across large carpeted areas. Combining high-performance spray extraction technology with a floating roller brush system, the Hydromist 35 provides excellent soil removal, improved carpet appearance and faster cleaning productivity in demanding commercial environments.

Engineered for professional carpet maintenance, the Hydromist 35 features a **floating brush head** that automatically adjusts to varying carpet surfaces, ensuring consistent agitation and effective dirt removal. Its powerful solution spray system penetrates deep into carpet fibres to loosen embedded soil, while the high-performance vacuum recovery system extracts dirt and moisture efficiently. Separate controls for the brush, pump and vacuum functions provide maximum flexibility and ease of operation, allowing operators to tailor machine performance to specific cleaning requirements.

Despite its impressive cleaning capability, the Hydromist 35 remains compact and easy to store, making it an ideal solution for facilities where space is limited. Its proven design, robust construction and user-friendly controls have made it a popular choice for professional cleaners seeking reliable performance and outstanding cleaning results across a wide range of carpeted environments.

Product Features

- **45cm carpet spray extraction machine**
- Floating roller brush head for improved carpet agitation
- High-performance solution spray system
- Powerful vacuum recovery for effective moisture extraction
- Separate brush, pump and vacuum controls
- Compact design for easy storage and transportation
- Robust and proven commercial cleaning design

Product Benefits

- Delivers deep carpet cleaning and soil extraction
- Improves carpet appearance and cleanliness
- Provides consistent cleaning performance across different carpet types
- Reduces drying times through efficient moisture recovery
- Enhances operator control with independent function switches
- Easy to store despite its large cleaning capacity
- Suitable for regular commercial carpet maintenance programmes

Technical Characteristics

- Professional **spray extraction carpet cleaning machine**
- **45cm cleaning width**
- Floating roller brush system
- High-pressure solution spray technology
- Independent brush, pump and vacuum controls
- Compact footprint for easy storage
- Designed for commercial and institutional carpet cleaning

Applications

Truvox Hydromist 35 is ideal for hotels, offices, healthcare facilities, schools, universities, conference centres and commercial buildings where large carpeted areas require regular deep cleaning. Its powerful extraction performance, floating brush technology and compact design make it particularly suitable for professional cleaning contractors and facilities management teams seeking efficient, reliable and high-quality carpet cleaning results.

Property	Value
Length (mm)	930
Vacuum Motor Wattage (W)	1350
Cable Length (m)	15
Weight (kg)	47
