Truvox Hydromist Compact 250 Carpet & Upholstery Extraction Machine

Variant code: 16-HC250

Truvox Hydromist Compact 250 is a **professional all-in-one spray extraction machine** designed for effective carpet and upholstery cleaning in commercial environments. Combining powerful extraction performance with an integrated rotary brush system, the Hydromist Compact 250 delivers outstanding cleaning results by lifting dirt and debris from deep within carpet fibres while efficiently extracting soiled water.

Featuring a **built-in rotary brush**, the machine agitates carpet fibres during cleaning to loosen embedded dirt and improve overall cleaning effectiveness. The spray extraction system then injects cleaning solution deep into the carpet before removing dirt, moisture and residues, leaving carpets cleaner, fresher and quicker to dry.

Compact, lightweight and easy to manoeuvre, the Hydromist Compact 250 is ideal for cleaning smaller carpeted areas where productivity and accessibility are essential. Its versatile design also allows for upholstery cleaning when used with the appropriate accessories, making it a practical solution for a wide range of cleaning applications.

Designed for professional cleaning contractors and facilities teams, the Hydromist Compact 250 provides excellent performance and productivity in healthcare facilities, schools, offices and other commercial environments.

Product Features

- **All-in-one carpet and upholstery extraction machine**
- Integrated **rotary brush agitation system**
- Powerful spray extraction cleaning technology
- Compact and manoeuvrable design
- Deep cleans carpet fibres and upholstery fabrics
- Professional-grade construction
- Suitable for commercial cleaning applications

Product Benefits

- **Lifts dirt from deep within carpet fibres**
- **Provides excellent carpet cleaning results and productivity**
- **Combines brushing and extraction in a single process**
- Easy to manoeuvre in smaller and restricted areas
- Helps maintain cleaner, fresher carpets and upholstery
- Ideal for routine maintenance and restorative cleaning

Technical Characteristics

- Product Type: **Carpet & Upholstery Extraction Machine**
- Cleaning Method: **Spray Extraction**
- Brush System: **Integrated Rotary Brush**
- Application: Carpet and Upholstery Cleaning
- Compact Commercial Design
- Professional-Duty Construction
- Suitable for Small to Medium Carpeted Areas

Applications

Truvox Hydromist Compact 250 is ideal for **healthcare facilities, schools, offices, care homes, hotels, hospitality venues and commercial buildings** where carpets and upholstered furnishings require regular maintenance. Suitable for **deep carpet cleaning, spot cleaning, restorative cleaning and upholstery care**, it delivers professional results while maintaining excellent manoeuvrability and ease of use.

Property	Value
