

Truvox Multiwash 340 Pro Scrubber Dryer

Variant code: 16-MWPRO340

Truvox Multiwash 340 Pro Scrubber Dryer is a versatile floor cleaning machine designed to scrub, wash and recover dirty water in a single pass, leaving floors clean with minimal residual moisture for faster drying times. **Easy to operate** and highly effective, it delivers outstanding cleaning results across a wide range of floor surfaces, making it ideal for professional cleaning contractors, facilities management teams and commercial environments.

Using a simple yet powerful **contra-rotating brush system**, the Multiwash 340 Pro effectively loosens and removes dirt from the floor surface while simultaneously collecting debris and dirty water into the recovery tank. Suitable for safety flooring, wood-effect flooring, patterned floors, polished surfaces, entrance matting and carpets, the machine provides exceptional versatility for demanding cleaning applications.

The latest Multiwash Pro design features an increased brush diameter and improved motor, delivering **12% more scrubbing power** for enhanced cleaning performance. Ergonomic improvements, a durable no-marking hard shell and increased use of corrosion-resistant engineering plastics ensure long-term reliability in busy commercial environments. User-friendly features such as **one-touch solution dispensing**, improved tank connections and a fully enclosed spray nozzle further enhance productivity and ease of use.

Product Features

- **Washes, scrubs and recovers water in a single pass**
- Contra-rotating brushes for powerful cleaning performance
- 12% more scrubbing power with upgraded motor and brush design
- Suitable for hard floors, carpets and entrance matting
- One-touch cleaning solution dispensing
- Fully enclosed spray nozzle for added protection

- Durable no-marking protective housing
- Pump fitted as standard

Product Benefits

- Leaves floors cleaner and drier in less time
- Reduces downtime with faster floor drying
- Improves productivity compared to traditional cleaning methods
- Provides excellent results on multiple floor types
- Minimises maintenance with improved component design
- Resists corrosion for longer machine life
- Simple operation reduces training requirements

Technical Characteristics

- **340mm cleaning width**
- Counter-rotating brush technology
- Integrated recovery tank system
- Improved motor delivering 12% more scrubbing power
- Optional 7L solution tank available
- Corrosion-resistant engineering plastic construction
- Fully enclosed spray nozzle design
- Commercial-grade scrubber dryer performance

Applications

Truvox Multiwash 340 Pro Scrubber Dryer is ideal for schools, healthcare facilities, retail stores, hospitality venues, offices, leisure centres, public buildings, facilities management companies and contract cleaning professionals requiring efficient cleaning of safety flooring, hard floors, carpets, entrance matting and other specialist floor surfaces.
