Truvox Orbis 15"/38cm Polypropylene Scrubbing Brush - For Orbis 200 Machine

Variant code: 16-0545240500

Truvox Orbis 15"/38cm Polypropylene Scrubbing Brush is a **professional floor scrubbing brush** designed specifically for use with the **Truvox Orbis 200 rotary floor machine**. Manufactured with durable polypropylene bristles, this brush provides effective agitation for deep cleaning hard floor surfaces, making it ideal for routine maintenance and intensive scrubbing applications in commercial and industrial environments.

The robust polypropylene bristles are engineered to remove dirt, grime and stubborn surface contamination while maintaining excellent durability and cleaning performance. Suitable for wet scrubbing applications, the brush delivers consistent results across a variety of hard floor types without compromising floor finishes.

With a **15" (38cm) working width**, the brush offers precise control and excellent manoeuvrability, making it particularly suitable for smaller floor areas, confined spaces and detailed cleaning tasks. Its durable construction ensures long service life, helping to maximise the performance and versatility of the Orbis 200 machine.

As a genuine Truvox accessory, the Polypropylene Scrubbing Brush is designed for seamless compatibility with the Orbis 200, providing cleaning professionals with a reliable solution for maintaining high standards of floor cleanliness and hygiene.
