Truvox Orbis Dual Speed Eco - 17 Inch 154/309rpm Rotary Floor Machine with Drive Board

Variant code: 16-OBECOT

Truvox Orbis Dual Speed Eco is a versatile and cost-effective **rotary floor machine** designed to deliver professional cleaning, scrubbing, stripping and polishing performance across a wide range of commercial environments. Combining exceptional handling with dual-speed functionality, the machine provides facilities managers and cleaning contractors with a flexible all-in-one floorcare solution.

Operating at both **154rpm and 309rpm**, the Orbis Dual Speed Eco can be adapted to suit a variety of floor maintenance tasks, from intensive scrubbing and floor stripping to routine polishing and appearance enhancement. Built around the proven Orbis motor platform, the machine features a redesigned motor casing and practical folding handle design for improved storage and transport. The handle arrives pre-assembled and ready for use, helping reduce setup time and allowing operators to start cleaning immediately.

High pad and brush pressure delivers excellent cleaning performance, whilst low vibration levels and an ergonomic adjustable handle ensure operator comfort during extended cleaning sessions. Large rear wheels and the compact folding design make transportation simple, while the included drive board and wide range of compatible accessories provide additional flexibility for different floorcare applications.

Product Features

- **Dual-speed operation: 154rpm and 309rpm**
- **17 inch (43cm) cleaning width**
- Supplied complete with drive board
- Pre-assembled handle for immediate use
- Folding handle design for compact storage
- High pad and brush pressure for effective cleaning performance
- Adjustable handle height and low vibration operation

Product Benefits

- Provides flexibility for scrubbing, stripping and polishing tasks
- Reduces setup time with pre-assembled design
- Improves cleaning efficiency through high floor pressure
- Enhances operator comfort during prolonged use
- Simplifies transportation and storage
- Offers excellent value as a multi-purpose floorcare machine
- Supports professional cleaning standards across varied environments

Technical Characteristics

- Professional **dual-speed rotary floor machine**
- **17 inch (43cm) working width**
- **154rpm / 309rpm selectable speeds**
- Folding ergonomic handle with adjustable height
- Low vibration design for improved operator comfort
- Compatible with a comprehensive range of accessories
- Drive board included as standard

Applications

Truvox Orbis Dual Speed Eco is ideal for retail premises, schools, healthcare facilities, offices, hospitality venues and contract cleaning operations where versatility and productivity are essential. Its dual-speed functionality makes it particularly suitable for organisations requiring a single machine capable of handling floor scrubbing, stripping, cleaning and polishing tasks while maintaining high standards of floor appearance and hygiene.
