Truvox Orbis High Speed 400 - 17 Inch 380rpm Rotary Floor Machine (Excludes Drive Board)

Variant code: 16-OB45400

Truvox Orbis High Speed 400 is a professional **high-speed rotary floor machine** engineered for effective spray cleaning, polishing and floor maintenance applications. Designed to deliver outstanding results in demanding commercial environments, this robust rotary machine combines powerful performance with ergonomic handling, making it a popular choice for contract cleaners, educational facilities and facilities management professionals.

Operating at **380rpm**, the Orbis High Speed 400 provides enhanced polishing and maintenance performance compared to standard-speed rotary machines. Its high floor pressure ensures maximum contact with the floor surface, helping to improve cleaning efficiency and achieve a superior finish. The ergonomic handle design promotes operator comfort during extended cleaning sessions, whilst the dual-handed safety interlock and deadman switch provide enhanced user safety. Large rear transport wheels make the machine easy to move between work areas, reducing operator effort and improving productivity.

Compatible with **17-inch floor pads** and supported by a comprehensive range of accessories, the Orbis High Speed 400 offers exceptional versatility across a variety of floorcare tasks. Built to withstand frequent commercial use, it provides reliable performance and professional results for routine maintenance and floor appearance enhancement programmes.

Product Features
