Truvox Orbis Spray System Kit - Including Mounting Bracket and Tubing

Variant code: 16-0541560000

Truvox Orbis Spray System Kit is a **professional spray application accessory** designed to enhance the versatility of compatible **Truvox Orbis rotary floor machines**. Supplied complete with a mounting bracket and tubing, this kit enables controlled application of cleaning solutions directly in front of the machine, making it ideal for spray cleaning, floor maintenance and polishing applications.

Designed for seamless integration with Truvox Orbis machines, the spray system provides a convenient and efficient method of dispensing cleaning chemicals during operation. By delivering solution precisely where it is needed, the system helps improve cleaning consistency, reduce chemical waste and increase productivity across a variety of floor care tasks.

The robust mounting bracket ensures secure attachment to the machine, while the durable tubing system provides reliable solution delivery during use. This allows operators to maintain continuous workflow without the need for separate manual spraying equipment, improving efficiency and simplifying floor maintenance procedures.

Ideal for commercial and professional cleaning environments, the Truvox Orbis Spray System Kit is a valuable addition for users looking to maximise the performance and functionality of their Orbis rotary floor machine.

Product Features

- **Complete spray system kit for Truvox Orbis machines**
- Includes **mounting bracket and tubing**
- Provides controlled cleaning solution application
- Suitable for spray cleaning and floor maintenance
- Durable professional-grade construction
- Genuine Truvox accessory

Product Benefits

Tel: 01626 355177
Email: info@aukhygiene.com

- **Applies cleaning solution directly during machine operation**
- **Improves cleaning efficiency and productivity**
- **Reduces chemical waste through controlled dispensing**
- Eliminates the need for separate spraying equipment
- Enhances the versatility of Orbis rotary machines
- Supports consistent floor cleaning and maintenance results

Technical Characteristics

- Product Type: **Spray System Kit**
- Includes mounting bracket
- Includes solution tubing assembly
- Compatible with selected **Truvox Orbis rotary machines**
- Suitable for spray cleaning applications
- Professional-duty construction

Applications

Truvox Orbis Spray System Kit is ideal for **schools, offices, healthcare facilities, hotels, retail environments, leisure centres and commercial buildings** where rotary floor machines are used for floor maintenance. Suitable for **spray cleaning, buffing, polishing and routine hard floor care**, it helps operators achieve efficient and consistent cleaning results while simplifying chemical application during use.
