Truvox Pull Cable & Valve: For MW340 (Not Pump Models)

Variant code: 16-9002340000

Truvox Pull Cable & Valve is a genuine replacement assembly designed specifically for **Truvox Multiwash pump models**. This essential component controls the flow of cleaning solution by operating the solution valve via the pull cable mechanism, ensuring accurate dispensing during floor cleaning for consistent washing performance.

Manufactured from durable, high-quality materials, the assembly is engineered to withstand the rigours of daily commercial use while providing smooth, reliable operation. Designed as a direct replacement, it restores precise control of the solution delivery system, helping maintain the performance and efficiency of compatible Multiwash machines. Its robust construction ensures dependable long-term operation while reducing machine downtime during maintenance.

Ideal for replacing worn, damaged or faulty solution control components, this genuine Truvox spare part helps keep your Multiwash pump model operating at peak efficiency and delivering professional cleaning results.

Product Features

- Genuine Truvox replacement pull cable & valve assembly
- Designed for **Truvox Multiwash pump models**
- **Series C** replacement component
- Controls cleaning solution flow to the brush system
- Smooth and reliable pull cable operation
- Durable, heavy-duty construction
- Precision-engineered for accurate fit
- Direct replacement for quick installation
- Suitable for commercial floor cleaning equipment
- Genuine Truvox replacement part

Product Benefits

- Restores accurate cleaning solution control
- Ensures consistent detergent dispensing during operation
- Helps maintain optimum machine

cleaning performance
- Reduces downtime with straightforward replacement
- Durable construction provides long service life
- Supports reliable day-to-day commercial cleaning

Technical Characteristics

- **Product Type:** Pull Cable & Valve Assembly
- **Brand:** Truvox
- **Reference: 928506 (Series C)**
- **Machine Compatibility:** Truvox Multiwash Pump Models
- **Function:** Controls cleaning solution flow
- **Installation:** Direct Replacement
- **Application:** Commercial Floor Cleaning Machine

Applications

The **Truvox Pull Cable & Valve Assembly** is designed for **Truvox Multiwash pump models** used in **schools, hospitals, healthcare facilities, supermarkets, retail stores, leisure centres, commercial kitchens, food preparation areas, warehouses and contract cleaning environments**. It provides reliable control of the cleaning solution dispensing system, helping maintain efficient washing performance and ensuring the machine continues to deliver professional cleaning results.

Property	Value
Area of Use	Floor Cleaning Machines, Scrubber Dryers, Commercial Cleaning.
How to Use	Disconnect the machine from the power supply, remove the existing pull cable, install the replacement cable following the machine's service instructions, and check that the control mechanism operates correctly before use.
