Truvox Solution Tank - For Multiwash 340

Variant code: 16-9000770000

Truvox Recovery Tank for the Multiwash 340 is a genuine replacement component designed to efficiently collect dirty water during the cleaning process. Specifically manufactured for the **Truvox Multiwash 340** scrubber dryer, it ensures effective recovery of wastewater, helping to maintain optimum machine performance while leaving floors cleaner and drier.

Constructed from **durable, impact-resistant materials**, the recovery tank is built to withstand the demands of daily commercial cleaning. Its precision-engineered design provides a direct replacement fit, allowing for quick installation while maintaining the correct sealing and recovery performance of the machine. By efficiently separating and storing recovered dirty water, it helps maximise cleaning productivity and supports hygienic operation.

Ideal for replacing a damaged or worn recovery tank, this genuine Truvox replacement part restores the machine's water recovery capability, ensuring reliable performance in demanding commercial environments.

Product Features

- **Genuine Truvox replacement recovery tank**
- Designed for **Truvox Multiwash 340** scrubber dryers
- Collects dirty water during the cleaning process
- **Durable, impact-resistant construction**
- Direct replacement for easy installation
- Precision-engineered for correct fit and sealing
- Helps maintain efficient water recovery
- Suitable for daily commercial cleaning applications
- Genuine Truvox replacement part

Product Benefits

- Restores efficient dirty water collection
- Helps leave floors cleaner and drier
- Maintains optimum scrubber dryer performance

- Durable construction provides long service life
- Minimises machine downtime with quick replacement
- Supports hygienic and efficient floor cleaning

Technical Characteristics

- **Product Type:** Recovery Tank
- **Brand:** Truvox
- **Machine Compatibility:** Truvox Multiwash 340
- **Function:** Collects recovered dirty water
- **Material:** Heavy-duty impact-resistant polymer
- **Installation:** Direct Replacement
- **Application:** Commercial Floor Scrubber Dryer

Applications

The **Truvox Recovery Tank for the Multiwash 340** is ideal for maintaining **Truvox Multiwash 340 scrubber dryers** used in **schools, hospitals, healthcare facilities, supermarkets, retail stores, leisure centres, food preparation areas, commercial kitchens, warehouses and contract cleaning environments**. It provides reliable dirty water recovery, helping the machine maintain maximum cleaning efficiency while delivering cleaner, safer and faster-drying floors.

Property	Value
Material	Heavy-Duty Chemical-Resistant Plastic
