

Truvox Solution Tank – For Multiwash 340

Variant code: 16-9000770000

Truvox Multiwash 340 Replacement Tank Components are genuine replacement parts designed for maintaining the clean water and recovery tank systems on **Truvox Multiwash 340 scrubber dryers**. Available as **solution tanks, recovery tanks and matching tank lid assemblies**, these components help restore reliable water storage, solution delivery and dirty water recovery during daily cleaning operations.

Manufactured from durable, chemical-resistant materials, each part is built to withstand frequent use in commercial cleaning environments. The **solution tank** supplies clean water and detergent to the machine, while the **recovery tank** collects dirty water during use. The corresponding **solution tank lid assembly** and **recovery tank lid assembly** provide secure sealing to help prevent leaks, spills and contamination.

Designed as direct replacement components, these parts are quick to fit and help minimise equipment downtime, keeping your Multiwash 340 operating efficiently and reliably.

Product Features

- **Replacement tank and lid components for Truvox Multiwash 340**
- Available variants:
 - Recovery Tank
 - Solution Tank
 - Solution Tank Lid Assembly
 - Recovery Tank Lid Assembly
- Durable, chemical-resistant construction
- Direct replacement parts
- Supports clean water delivery and dirty water recovery
- Helps maintain tank sealing and machine performance

Product Benefits

- **Restores reliable tank and lid function**
- **Helps prevent leaks, spills and contamination**
- **Maintains efficient solution delivery and wastewater recovery**
- Reduces machine downtime during

- repairs
- Extends the service life of the Multiwash 340
 - Keeps cleaning performance consistent

Technical Characteristics

- Product Type: **Replacement Tank Components**
- Brand: **Truvox**
- Machine Compatibility: **Truvox Multiwash 340**
- Variant Options:
 - Recovery Tank
 - Solution Tank
 - Solution Tank Lid Assembly
 - Recovery Tank Lid Assembly
- Application: Clean water and recovery tank system
- Installation: Direct replacement

Applications

These Truvox Multiwash 340 replacement tank components are ideal for **commercial cleaning contractors, healthcare facilities, schools, care homes, hospitality venues, retail premises, leisure centres, food production areas and facilities management teams**. Whether replacing a **solution tank, recovery tank, solution tank lid assembly or recovery tank lid assembly**, these genuine replacement components help maintain reliable water handling, hygienic wastewater recovery and efficient day-to-day floor cleaning performance.
