Turtle Skin Needle & Puncture Resistant Protective Gloves - Large

Variant code: 22-TSNR-L

Perfect balance between level 4 cut protection and dexterity. These gloves are suitable for anyone working in recycling, waste management, cleaning and janitorial work, timber, glass, and metal handling. Can be worn under disposable gloves. Note the areas of protection in the second image, puncture protection for the palm and fingertips. Please note that these are needle and puncture resistant but not needle proof. Please make sure you put the glove on the correct way round - as displayed in the picture.
