# Unger Fixi-Clamp

**Variant code: 13-FIXI**

The **Unger Fixi-Clamp** is a versatile cleaning tool designed for cleaning **large and high surfaces**, including boats and vehicles. Its practical clamp design allows a suitable **sponge or cleaning cloth** to be securely attached for a variety of professional cleaning tasks.

The Fixi-Clamp firmly retains the fitted **sponge or cloth by tightening the locking collar**, helping keep the cleaning material securely positioned during use. It is also designed to **fit onto a telescopic pole**, extending the user's reach when working on elevated or difficult-to-access surfaces.

In addition to its clamping function, the tool incorporates a **stiff bristle brush** designed to effectively remove **stubborn dirt**. This combination makes the Fixi-Clamp a practical accessory for demanding cleaning applications where both wiping and more intensive brushing may be required.

## Product Features

- **Versatile clamp cleaning tool** for professional cleaning applications
- Designed to securely hold a **sponge or cleaning cloth**
- Uses a **locking collar** to firmly retain the fitted sponge or cloth
- Designed to **fit onto a telescopic pole**
- Includes a **stiff bristle brush**
- Brush is designed to effectively remove **stubborn dirt**
- Ideal for cleaning **large and high surfaces**
- Suitable for applications including **boats and vehicles**

## Product Benefits

- **Secure locking collar helps keep a sponge or cloth firmly in position during cleaning**
- **Telescopic pole compatibility provides extended reach for large and elevated surfaces**
- **Integrated stiff bristle brush provides**

**additional cleaning action for stubborn dirt**
- Allows different cleaning materials such as a **sponge or cloth** to be attached according to the task
- Provides a practical solution for cleaning **large or difficult-to-reach areas**
- Combines **clamping and brushing functions** within one cleaning tool

## Technical Characteristics

- **Product Type:** Clamp Cleaning Tool
- **Clamping Compatibility:** Sponge or Cloth
- **Retention Method:** Locking Collar
- **Pole Compatibility:** Telescopic Pole
- **Brush Type:** Stiff Bristle Brush
- **Cleaning Function:** Wiping & Brushing
- **Suitable Surfaces:** Large & High Surfaces
- **Typical Applications:** Boats & Vehicles

## Applications

The **Unger Fixi-Clamp** is ideal for professional cleaning tasks involving **large, high or difficult-to-reach surfaces**. It can securely hold a suitable **sponge or cloth** for wiping and washing applications, while the integrated **stiff bristle brush** can be used to tackle stubborn dirt. Its compatibility with a **telescopic pole** makes it particularly useful for extended-reach cleaning applications such as **boats and vehicles**.
