

Unger Stingray Indoor Window Cleaning Kit – 3.27m/11ft

Variant code: 13-SRKT3

Effective and extremely easy to use, either use the handheld Stingray, or click the poles to reach up to 3.27m/11ft. The triangular pad reaches into the corners of the windows, making it very easy to use. A small pouch of 3M glass cleaner sits in the top of the stingray and the small pump sprays it through the centre of the triangular pad
