

Unger UniTec 2-Section Telescopic Pole – 2m/6.5'

Variant code: 13-OS210

Durable yet lightweight aluminium pole with non-slip twist locks and ergonomic handle for secure grip. Grooved locking cone at the top of the Pole features robust safety bolt, designed to provide secure hold of Unger tools and prevent twisting whilst in use – just push the release button to remove the tools. Compatible with any tools featuring ACME thread fitting. Can be extended and fixed at any stage using twist locks.
