Uniwipe Clinical Sanitiser Midi Wipes - Pack of 200

Variant code: 02-1020

Uniwipe Clinical Sanitiser Midi Wipes are premium alcohol-free cleaning and disinfecting wipes designed to provide safe, effective hygiene for healthcare, commercial and public environments. Supplied in a **pack of 200**, these dual-action wipes clean and sanitise in one simple step without the need for additional chemicals. Their super-soft, strong and highly absorbent construction lifts and traps dirt like microfibre while remaining safe for hands and suitable for use on virtually all hard surfaces.

Trusted by healthcare organisations, Uniwipe Clinical Sanitiser Midi Wipes deliver broad-spectrum antimicrobial performance and are independently tested to **EN1276, EN13727 and EN14476**. They are proven effective against **Norovirus, MRSA and H1N1 Influenza**, helping support infection prevention and hygiene protocols. The alcohol-free, very low-foaming formula is gentle on surfaces and users alike, while the unscented wipes leave no overpowering odours after use.

The convenient dispensing tub releases **one wipe at a time**, helping to minimise waste and reduce the risk of cross-contamination. The wipes are housed in **recyclable packaging**, making them an environmentally responsible choice for busy workplaces where dependable cleaning performance and ease of use are essential.
