Plastic Low-Tack Protective Self Adhesive Film - 600mmx100m

Variant code: 14-SAUC

OBEX CORTEX S05002TR Clear Low-Tack Protection Tape & Film is a versatile, UV-resistant, low-tack film that provides reliable protection of window and door frames and other sensitive surfaces against dirt and damage from processing, storage, and transportation. The low-tack protection film's acrylic adhesive ensures that it is easy to apply and remove without leaving any residue or damaging the surface underneath.

The S05002TR low-tack protection tape and film is available in various widths and lengths to suit your specific needs and can be custom-slit to suit your exact requirement. It is a reliable and cost-effective solution for protecting against surface damage caused by dirt or manufacturing and installation processes.

Typical Uses

- Low-tack protection tape & film for use on stainless steel, powder-coated aluminium, PVC, PC, melamine, varnished surfaces, plastic sheets, glass
