V-Screen Urinal Deodorisers - Pack of 12 - White - Ocean Spray

Variant code: 05-512

Vectair V-Screen Urinal Deodorisers are **fragranced anti-splash urinal screens** designed to improve washroom freshness, control unpleasant odours and help prevent urinal drain blockages. Featuring a **fresh Ocean Spray fragrance**, these practical urinal mats combine effective malodour control with an innovative screen design, helping maintain cleaner, fresher and more pleasant washroom environments in busy commercial and public facilities.

Each screen incorporates a **malodour eliminating substance** that helps neutralise unpleasant smells within the urinal. An additional fragrance additive provides **up to 30 days of freshness**, releasing a clean, ocean-inspired scent throughout its service life. The **innovative angled anti-splash texture and unique web design** help minimise splash-back, keeping the surrounding urinal area cleaner and reducing unnecessary cleaning and maintenance.

The flexible screen sits over the urinal waste outlet, helping catch **chewing gum, paper and other debris** before they enter the drainage system and cause blockages. Its practical design includes an **integrated service handle** for quick and hygienic replacement during routine washroom servicing. Supplied in a **pack of 12 screens**, the White Ocean Spray variant provides a cost-effective solution for maintaining washroom hygiene and freshness.

Product Features

- **Ocean Spray fragrance** provides a fresh, clean scent
- **Malodour eliminating technology** helps neutralise unpleasant urinal smells
- **Up to 30 days of fragrance** for long-lasting washroom freshness
- **Innovative angled anti-splash texture** helps keep urinal areas cleaner
- **Unique web design** helps minimise splash-back during use
- **Debris-catching screen** helps prevent waste entering the urinal drain
