

Vacuum Air Fresheners – Pack of 2

Variant code: 16-MVP64

Vacuum Air Fresheners are a **simple and effective way to freshen the air while vacuuming**. Suitable for **all vacuum cleaners with dust bags**, these scented pellets are placed directly into the vacuum bag where they release a pleasant fragrance as air passes through the machine, helping to neutralise unwanted odours during cleaning.

Ideal for homes, offices and commercial environments, the fragranced pellets help eliminate stale vacuum odours caused by dust, pet hair and everyday debris. As you vacuum, the refreshing scent is gently dispersed throughout the room, leaving carpets and living spaces smelling clean and fresh.

Supplied as a convenient **pack of 2**, these easy-to-use vacuum air fresheners require no installation—simply drop the fragranced pellets into the vacuum bag and enjoy a fresher cleaning experience with every use.
