Dispenser Key - Raphael Versatwin - Each

Variant code: 28-005

Raphael Dispenser Key is a **plastic replacement washroom dispenser key** designed for accessing compatible Raphael and Leonardo dispensers. Featuring a distinctive **zig-zag, multi-pronged key profile**, it provides a practical solution for authorised cleaning and maintenance staff responsible for routine washroom servicing.

Designed for use with **compatible plastic Raphael & Leonardo dispensers**, including **VersaTwin toilet tissue dispensers and sheet and roll hand towel dispensers**, the key allows staff to open suitable lockable dispenser housings for replenishing consumables, internal cleaning and general maintenance. It is also intended for compatible Raphael dispensers, subject to the dispenser's locking mechanism.

Manufactured from lightweight plastic and featuring an **integrated keyring attachment hole**, the dispenser key is convenient to carry and store alongside cleaning equipment. Supplied **individually**, it provides a practical replacement for lost or damaged keys and is suitable for professional washroom maintenance.
