Viakal Classic Limescale Remover Spray - 500ml

Variant code: 05-VLRS

Viakal Classic Limescale Remover Spray is a **powerful bathroom and kitchen descaling cleaner** specially formulated to remove stubborn limescale, soap scum and watermarks from suitable hard surfaces. Designed for use in areas frequently exposed to water, this effective cleaning spray helps restore a **clean, shiny finish** to taps, sinks, shower fittings and other compatible surfaces. Its specialist **limescale-removing formula** makes it a practical choice for maintaining bathrooms and kitchens affected by hard water deposits.

The advanced **anti-limescale formulation** works to break down mineral deposits that accumulate around taps, showerheads, sinks and other water-contact surfaces. It also helps remove **soap scum and unsightly watermarks**, improving the appearance of frequently used bathroom and kitchen fittings. With regular use, the formula is designed to **help prevent limescale from returning**, reducing the build-up of stubborn deposits and making routine cleaning more manageable. Its surface-conscious formulation is intended to deliver effective cleaning while respecting compatible materials when used according to the product instructions.

Supplied in a convenient **500ml trigger spray bottle**, the cleaner allows targeted application to areas affected by limescale and watermarks. It is particularly useful for **bathroom taps, shower fittings, sinks, glazed tiles and suitable kitchen fixtures**, subject to the surface compatibility instructions on the label. The ready-to-use spray format requires no dilution, making it suitable for regular maintenance and targeted descaling. Apply to the affected surface, allow the recommended contact time and rinse thoroughly as directed to reveal **cleaner, shinier surfaces**.

Product Features

- **Powerful limescale remover** for bathrooms and kitchens
- **Removes stubborn limescale deposits** from compatible surfaces
- **Effective against soap scum** and everyday bathroom residues

- **Packaging Format:** Single Spray Bottle
- **Disinfectant Function:** Not Claimed
- **Storage:** Follow Product Label Instructions
- **Safety:** Do Not Mix with Bleach or Other Cleaning Chemicals
- **Intended Use:** Bathroom and Kitchen Limescale Cleaning

Applications

Ideal for **bathroom descaling, kitchen limescale removal, soap scum cleaning and hard water stain removal** in homes, hotels, offices, schools, leisure facilities and other premises requiring regular bathroom and kitchen maintenance. Particularly useful for **compatible taps, sinks, shower fittings, glazed tiles and other water-contact surfaces**, the specialist formulation helps dissolve stubborn mineral deposits and remove watermarks that can leave fixtures looking dull. With regular use, its **anti-limescale action** helps maintain clean, shiny surfaces and reduce the return of limescale, making it suitable for both targeted descaling and routine cleaning.

Property	Value
Appearance	Liquid
Dilution	Use Neat
Fragrance	Pleasant
Volume (ml)	500
pH	2.2
Do's & Don'ts	Don’t use on: hot, damaged, or acid sensitive surfaces (eg. gold, silver, copper, aluminum), coloured or old/ damaged enamel, household appliances (incl. water boilers), natural stone (eg. marble, travertine). If in doubt, test first on a hidden area
