Vileda Breazy Microfibre Cloth - Pack of 25 - Red

Variant code: 12-137640

Vileda Breazy Microfibre Cleaning Cloths are innovative semi-disposable professional cleaning cloths designed to deliver superior hygiene, exceptional dirt pick-up and efficient multi-surface cleaning performance. Featuring advanced microfibre technology with patented Novolon pick-up pockets, these cloths provide powerful cleaning capability for commercial, healthcare and contract cleaning environments.

Engineered specifically for professional cleaners and facilities management teams, Vileda Breazy cloths effectively capture up to 40% more particle dirt compared to conventional cloths. The patented wave structure enhances dirt retention while supporting fast and efficient cleaning across desks, counters, cupboards, chairs, washrooms and other water-resistant surfaces. Independent testing demonstrates up to 96.3% bacteria reduction in a single wipe, helping support high hygiene standards even without aggressive chemicals.

Designed for short-term reusable and semi-disposable use, these durable microfibre cloths can be machine washed up to 15 times while maintaining excellent cleaning performance. The blue colour supports colour-coded cleaning systems to help reduce cross-contamination and improve hygiene compliance in professional environments.
