Vileda Medium Weight Cloths - Pack of 10 - Green

Variant code: 12-105G

Vileda Medium Weight Cleaning Cloths are professional-grade reusable cleaning cloths designed to provide superior absorbency, durability and reliable everyday cleaning performance across commercial, industrial and hospitality environments. Manufactured using a high-quality fibre blend, these versatile cloths deliver effective multi-surface cleaning while supporting hygienic and efficient cleaning operations.

Trusted by professional cleaners and facilities management teams, these medium weight cloths are engineered to handle demanding cleaning tasks including wiping, polishing, spill absorption and general janitorial duties. Their highly absorbent fibre construction efficiently captures liquids and dirt while delivering streak-free cleaning results on a variety of surfaces including glass, stainless steel, worktops, desks and kitchen areas. Suitable for repeated laundering and reuse, these cloths provide a cost-effective and environmentally responsible alternative to disposable wipes.

Supplied in a convenient **pack of 10 cleaning cloths**, Vileda Medium Weight Cloths are ideal for contract cleaners, healthcare environments, hospitality venues, catering businesses and office cleaning applications requiring dependable professional cleaning performance.
