Vileda PurActive Sponge Scourers - Pack of 10 - Red

Variant code: 12-PAR

Vileda PurActive Sponge Scourers are professional non-scratch sponge scourers designed to effectively remove stubborn grease and grime while remaining gentle on hard surfaces. Combining advanced PurActive coating technology with an ergonomic foam backing, these high-performance scourers provide powerful cleaning action without damaging delicate surfaces.

Engineered for professional cleaning environments, the specialised PurActive coating lifts dirt and grease up to three times more effectively than traditional non-scratch scourers while remaining gentler on surfaces than conventional abrasive pads. The soft foam backing improves grip, user comfort and handling ergonomics, making these sponge scourers ideal for prolonged cleaning tasks in commercial kitchens, healthcare facilities, hospitality venues and janitorial operations.

Suitable for use on most hard surfaces requiring a scratch-free finish, these versatile scourers support professional hygiene management through colour-coded cleaning systems aligned with HACCP principles and cross-contamination prevention procedures. Supplied in a convenient **pack of 10 sponge scourers**, they offer a reliable and hygienic cleaning solution for professional and domestic applications.
