Vileda UltraSpeed Mini Micro Mop inc Coloured Tags - Each

Variant code: 15-129620

Vileda UltraSpeed Mini MicroLite Mop is a **professional microfibre flat mop** designed for efficient cleaning of small floor areas. Its advanced microfibre construction delivers effective dirt removal and smooth gliding performance, making it ideal for maintaining clean, hygienic floors in busy commercial environments.

Designed for use with the **Vileda UltraSpeed Mini mopping system**, the mop is particularly suitable for cleaning areas of approximately **10–30m²**. Its microfibre structure incorporates scrubbing zones that help loosen stubborn and sticky dirt, providing effective cleaning on sealed, smooth and structured vinyl floor surfaces.

Featuring **colour-coded identification tags** to support organised cleaning routines, the mop is suitable for environments where hygiene and efficient floor maintenance are essential. Its washable, reusable construction provides a practical and economical solution for routine cleaning in offices, cafés, restaurants and reception areas.
