Vileda UltraSpeed Pro Microfibre Mop Pad - 40cm - Each

Variant code: 15-414

The **Vileda UltraSpeed Pro r-MicroLite Max Microfibre Mop Pad** is a professional **40cm high-performance mop** designed for effective general floor cleaning. Its advanced **XL mop construction** combines a microfibre cleaning structure with strategically positioned **scrubbing islands** to help tackle sticky and stubborn dirt while maintaining smooth gliding across the floor.

Designed for thorough cleaning of **sealed and smooth floor surfaces**, as well as **structured vinyl flooring**, the mop features symmetrical cleaning lips that make it easier to clean efficiently along **corners and skirting boards**. The wider XL architecture is designed to provide effective cleaning coverage while supporting professional cleaning productivity.

The r-MicroLite Max combines effective cleaning with durability and sustainability. It withstands **over 500 wash cycles**, is manufactured using **more than 35% recycled materials** and is fully recyclable. It has also been awarded the **Nordic Swan Ecolabel** and offers proven hygiene performance, with third-party testing demonstrating **up to 99.99% Bovine coronavirus removal from vinyl surfaces**.
