Wall Mounted Door Stop w/o Rose - 75mm - Satin Stainless Steel

Variant code: 3410.01.SSS

The **Wall Mounted Door Stop without Rose** is a durable architectural door stop designed to protect doors, walls and skirting boards from damage caused by over-opening. Manufactured from high-quality **Satin Stainless Steel (SSS)**, this contemporary door stop features a clean cylindrical design without a decorative rose, making it an ideal choice for modern commercial and residential interiors. With a **75mm projection**, it provides reliable protection while maintaining a discreet, minimalist appearance.

Designed for wall or skirting board installation, this stainless steel door stop offers long-lasting durability and excellent corrosion resistance. Its robust construction ensures dependable performance in high-traffic environments, while the satin finish coordinates seamlessly with matching stainless steel door furniture and architectural ironmongery.

Suitable for new-build developments, refurbishment projects and everyday commercial use, the Wall Mounted Door Stop provides an effective, low-maintenance solution for preventing impact damage and extending the life of doors and surrounding finishes.
