Windmill 73% Alcohol Hand Sanitiser - 450ml

Variant code: 10-231

Windmill 73% Alcohol Hand Sanitiser is a professional hand hygiene solution designed to provide **rapid and effective hand sanitising** in hygiene-critical environments. Developed for frequent use, it combines high alcohol content with skin-conditioning agents to deliver dependable sanitising performance while maintaining skin comfort.

This formulation contains **73% alcohol** and complies with **EN14476, EN1276 and EN1500 standards**, providing effective protection against a wide range of common organisms and enveloped viruses. Its fast-acting formula sanitises hands quickly without the need for water, making it suitable for high-traffic professional environments.

Built-in **skin conditioners help prevent skin drying** during repeated application while ensuring the sanitiser leaves **no sticky residue** after use. The non-tainting formula makes it suitable for use in **food preparation and catering environments** where hygiene standards are essential.

Suitable for healthcare, care services, workplaces and public facilities, the product is supplied in a convenient **450ml bottle** ideal for dispensers, washrooms and shared hygiene stations. Manufactured in the UK.
