Windmill Antibacterial Hand Soap – 5L

Variant code: 10-200

Windmill Antibacterial Hand Soap is a professional bactericidal liquid soap designed to provide effective hand hygiene across a wide range of commercial and industrial environments. Formulated to cleanse hands thoroughly while remaining gentle on skin, it is suitable for workplaces where regular hand washing and hygiene control are essential.

Free from solvents, harsh chemicals, perfumes and dyes, the soap is particularly suitable for sensitive environments and hygiene-critical applications. Its mild yet effective formulation makes it ideal for use within the food industry, where sanitising hand soap is required to support hygiene compliance and contamination control procedures.

The versatile formulation is also suitable for use across engineering, automotive, construction, manufacturing, healthcare, janitorial, education, nursery and printing industries, offering reliable everyday cleansing performance in busy working environments.

Product Features

- **Bactericidal liquid hand soap** for professional hygiene applications
- Free from solvents, harsh chemicals, perfumes and dyes
- Mild yet effective cleansing formulation
- Suitable for frequent everyday hand washing
- Ideal for food industry and hygiene-sensitive environments
