Windmill Athlete - Spray Cleaner Floor Maintainer - 5L

Variant code: 03-380

Windmill Athlete is a spray cleaner floor maintainer designed to deliver **effective cleaning, surface maintenance and gloss enhancement** for treated floor surfaces. As part of the Windmill professional floorcare range, it is formulated to maintain and restore the appearance of floors while supporting routine cleaning and maintenance programmes in commercial environments.

Developed for use with spray cleaning systems, the product helps remove light soiling, scuff marks and surface contamination while simultaneously enhancing the existing floor finish. Its formulation supports the restoration of gloss levels, helping floors retain a clean and polished appearance without the need for full reapplication of floor polish. This makes it particularly suitable for maintaining metallised and polished floors in high-traffic areas.

Windmill Athlete is compatible with standard spray cleaning equipment and can be used as part of regular maintenance routines to extend the life of floor finishes. The product works efficiently during machine buffing, helping to improve surface clarity and maintain a consistent finish over time.

Product Features

- Spray cleaner and **floor maintainer**
- Removes **light soiling and scuff marks**
- Enhances and restores **floor gloss levels**
- Suitable for use on **treated and polished floors**
- Compatible with **spray cleaning systems**
- Supports ongoing floor maintenance programmes

Product Benefits

- Maintains floor appearance between polish applications
- Extends the life of floor finishes
- Reduces need for frequent re-polishing
- Improves cleanliness and surface clarity
- Supports efficient cleaning routines
- Suitable for high-traffic environments

Technical Characteristics

- Designed for **spray cleaning applications**
- Suitable for use with **rotary and buffing machines**
- Compatible with metallised floor finishes
- Applied directly to surface during maintenance cleaning
- Requires appropriate floor preparation for best results
- Use in accordance with manufacturer guidelines

Applications

Windmill Athlete is suitable for use in **commercial, industrial and institutional environments**, including retail spaces, schools, hospitals and public buildings. It is particularly effective in areas with **high foot traffic**, where maintaining floor appearance and extending the life of existing finishes is essential. Its spray cleaning capability makes it ideal for routine maintenance of polished floors, helping to keep surfaces clean, glossy and presentable.
