Windmill Carpex - Low Foam Extraction Carpet Cleaner - 5L

Variant code: 09-800

Windmill Carpex is a professional **low foam extraction carpet cleaner** developed by Selden for use with hot and cold water extraction machines. Designed for both **woven and non-woven carpets**, this versatile formulation is suitable for use on synthetic and natural fibres, including wool, making it a dependable solution for a wide range of commercial and domestic cleaning environments.

Engineered for efficient cleaning performance, Carpex delivers **rapid dirt removal** while maintaining low foam levels to ensure easy recovery during extraction. This improves machine efficiency and reduces downtime during cleaning operations. In addition to carpets, it is also safe and effective for cleaning **upholstery fabrics**, particularly vehicle interiors such as car seats, providing flexibility across multiple applications. The formulation leaves a **pleasant fragrance** without any harsh after odour, supporting a clean and fresh finish after use.

Product Features

- **Low foam formulation** for efficient extraction and recovery
- Suitable for **woven and non-woven carpets**
- Effective on both **synthetic and natural fibres**, including wool
- Compatible with **hot and cold water extraction machines**
- Provides **rapid dirt removal**
- Also suitable for **upholstery cleaning**, including car seats
- **Pleasantly perfumed** with no harsh after odour

Product Benefits

- Improves cleaning efficiency by reducing foam during extraction
- Supports faster cleaning workflows with effective dirt removal
- Extends usability across carpets and upholstery applications

- Maintains fabric condition when used correctly on suitable materials
- Enhances final presentation with a clean, fresh finish
- Reduces machine downtime through improved pick-up performance
- Provides a versatile solution for multi-surface textile cleaning

Technical Characteristics

- Designed for use with all makes of **hot and cold water extraction machines**
- Low foam formulation supports efficient vacuum recovery
- Suitable for use on **wool carpets** when used as directed
- Always **test on an inconspicuous area** for colour fastness before full application
- Use in accordance with manufacturer dilution and application guidance
- Can be applied to both carpeted surfaces and upholstery fabrics
- Store in a cool, dry location away from direct sunlight

Applications

The **Windmill Carpex** is suitable for use in commercial and domestic environments including offices, hotels, hospitality venues, automotive interiors, and contract cleaning operations. It is particularly effective for deep cleaning carpets using extraction machines, as well as maintaining upholstery such as seating and vehicle interiors. Its low foam performance and broad material compatibility make it a practical solution for professional cleaners requiring reliable results across multiple textile surfaces.
