Windmill Carpex Prespray - Carpet Prespray and Heavy Duty Cleaner - 5L

Variant code: 09-850

Windmill Carpex Prespray is a professional **carpet prespray and heavy duty cleaner** developed by Selden for use in demanding cleaning environments. Designed to tackle heavily soiled areas prior to extraction cleaning, it delivers rapid dirt breakdown and effective grease removal, making it ideal for high traffic areas where standard cleaning alone may not be sufficient.

This fast-acting formulation is specifically engineered to **cut through heavy soiling** and suspend dirt, allowing it to be easily removed during the extraction process. It is suitable for use with all makes of **hot and cold water extraction machines**, and its **low foam formulation** ensures efficient recovery and minimal disruption to machine performance. The product is pleasantly perfumed, leaving cleaned areas fresh without any unpleasant after odour.

Product Features

- **Heavy duty prespray cleaner** for carpets and textiles
- Designed for **pre-spraying and spot cleaning** heavily soiled areas
- **Fast acting formula** for high traffic and high soil environments
- Breaks down grease and **suspends dirt for easy extraction**
- Compatible with **all hot and cold water extraction machines**
- **Low foam formulation** for efficient machine recovery
- **Pleasant fragrance** with no harsh after odour

Product Benefits

- Improves overall carpet cleaning results when used as a pre-treatment
- Reduces effort required during extraction cleaning
- Enhances removal of heavy soiling in high traffic areas
- Supports efficient cleaning workflows in commercial environments

- Helps maintain carpet appearance and cleanliness standards
- Allows more consistent cleaning outcomes across large areas
- Suitable for targeted treatment of problem areas before full cleaning

Technical Characteristics

- Apply as a **pre-spray** prior to extraction cleaning
- Suitable for use with all standard extraction machine systems
- Low foam formulation supports effective vacuum recovery
- Designed to suspend dirt for efficient removal during extraction
- **Always test on an inconspicuous area** for colour fastness before use
- Use in accordance with manufacturer dilution and application guidance
- Store in a cool, dry environment away from direct sunlight

Applications

The **Windmill Carpex Prespray** is suitable for use in commercial and domestic environments including offices, hotels, public buildings, and contract cleaning operations. It is particularly effective in **high traffic areas** such as entrances, corridors and communal spaces where heavy soiling occurs. Designed for use prior to extraction cleaning, it improves the effectiveness of carpet cleaning systems and is also suitable for targeted spot cleaning of heavily soiled areas.

Property	Value
