Windmill Easy Dose Toilet Cleaner - Toilet Cleaner Concentrate - 1L

Variant code: 07-ED10

Windmill Easy Dose Toilet Cleaner is a concentrated cleaning solution designed to deliver **effective cleaning, deodorising and limescale prevention** in washroom environments. As part of the Windmill Easy Dose system, it ensures accurate dosing and consistent dilution for reliable performance.

This **thick, clinging 4-in-1 formulation** cleans, freshens, deodorises and helps prevent limescale build-up, ensuring thorough coverage around the toilet bowl, including under the rim. Its clinging action allows extended contact time for improved cleaning results.

Each **1L bottle produces up to 50 ready-to-use bottles**, providing an economical and efficient solution for high-use environments. The formulation is also **safe for use with septic tanks**, making it suitable for a wide range of facilities.

For use, add two measured doses to 500ml of water in a squeezy application bottle, shake and allow to thicken before applying around the bowl. Agitate as required and flush to leave the toilet clean and fresh.

Product Features

- Concentrated **toilet cleaner with 4-in-1 action**
- Cleans, freshens, deodorises and prevents limescale
- **Thick clinging formula** for improved coverage
- Produces up to **50 ready-to-use bottles**
- Safe for **septic tank systems**
- Integrated **Easy Dose dosing system**

Product Benefits

- Delivers efficient and thorough toilet cleaning
- Reduces product usage through controlled dosing
- Helps prevent limescale build-up over time
