Windmill Eliminator Max - Extreme Performance Sanitiser - 750ml

Variant code: 06-565

Windmill Eliminator Max is a surface sanitiser designed to deliver **extreme performance hygiene control and rapid disinfection** across a wide range of environments. As part of the Windmill professional cleaning range, it provides a powerful ready-to-use solution for maintaining cleanliness and reducing the spread of harmful microorganisms in hygiene-critical areas.

This **extreme power sanitising spray** is proven to kill a broad spectrum of viruses and bacteria, including Norovirus, Swine Flu, HIV, Hepatitis C, MRSA and *Clostridium difficile*, as well as common food poisoning bacteria such as *Salmonella typhimurium*, *Listeria monocytogenes* and *Escherichia coli*. It meets recognised standards including **EN 1276, EN 13704, EN 1650, EN 14476 and EN 14675**, providing confidence in its sanitising performance.

Formulated for immediate use, the product requires no dilution and can be applied directly to surfaces for quick and effective results. It is suitable for **frequently touched areas** such as door handles, worktops, tables and washroom fixtures. The fast-acting formulation dries quickly, leaving surfaces clean and ready for use without residue.

Product Features

- Extreme performance **surface sanitiser**
- Proven to kill **viruses, bacteria and spores**
- Certified to **EN 1276, 13704, 1650, 14476 & 14675**
- Ready-to-use with no dilution required
- Suitable for **high-contact surfaces**
- Fast-drying, spray application

Product Benefits

- Supports **high-level infection control**
- Provides reassurance in hygiene-critical environments
- Reduces cleaning time with instant application
