

Windmill Fastrack – Rinse Free Polish Stripper – 5L

Variant code: 03-816

Fastrack is a modern alternative to traditional caustic based polish strippers.

Use Fastrack in well ventilated areas.

Whilst it is good practice to rinse the floor with a mild acidic water solution before re-polishing this is not necessary with Fastrack.

Always try the chemical in a test area first. For commercial use only.

Features:

- Uses latest advanced technology to unlock metallised polish.
- Advanced soil suspending formula helps recovery.
- Low foam for speed use and ultimate wet pickup.
- Rinse Free Polish Stripper

Mop Stripping: Dilute Fastrack 1:5 with water. Mop the floor liberally. Leave for 5-10 minutes. Using the mop agitate with a fresh solution and leave for a further 5 minutes. Remove slurry with a mop or wet pickup. Scrubbing machine: Dilute Fastrack 1:10 with water. Mop the floor liberally. Leave for 5-10 minutes and then scrub with a slow machine fitted with a black pad. Remove slurry with a mop or wet pickup. Spray Stripping: Dilute Fastrack 1:20 with water. Spray lightly ahead of machine fitted with a suitable pad at medium speed.

N.B. Do not use Fastrack to remove emulsion polish from sealed wooden floors.

Do not use Fastrack on linoleum, unsealed wood or unsealed cork floors.
