Windmill Eliminator Max - Trigger Spray Bottle/Head - 750ml - Windmill Refill - Green

Variant code: 14-750EG

Windmill Eliminator Max Trigger Spray Bottle is a sanitiser dispensing solution designed to deliver **safe, compliant and efficient application** in hygiene-critical environments. As part of the Windmill Eliminator Max range, it provides a durable and clearly identified bottle for use with extreme performance sanitiser products.

This **750ml trigger spray bottle** features **printed labelling directly onto the bottle**, eliminating the risk of labels peeling, fading or becoming illegible over time. This ensures the bottle remains **fully compliant with safety and labelling regulations**, making it ideal for professional environments where clear identification is essential.

Designed for ease of use, the bottle supports accurate spray application for effective sanitising of surfaces. It is compatible with a range of **colour-coded trigger heads (Blue, Green, Red, White and Yellow)**, enabling integration into hygiene colour coding systems and helping to prevent cross-contamination.

Product Features

- 750ml **trigger spray bottle for sanitiser**
- **Printed bottle design** – no removable labels
- Maintains **legal compliance and clear identification**
- Compatible with **colour-coded trigger heads**
- Durable and reusable construction
- Designed for Eliminator Max products

Product Benefits

- Eliminates issues with worn or missing labels
- Supports compliance in hygiene-sensitive environments
- Enables accurate and controlled spray application
- Helps maintain hygiene through colour coding

- Durable for repeated professional use
- Simplifies cleaning and sanitising processes

Technical Characteristics

- Capacity: **750ml**
- Printed labelling directly on bottle
- Compatible with standard trigger spray heads
- Available with multiple colour trigger options
- Designed for use with sanitiser solutions
- Use in accordance with workplace safety guidelines

Applications

Windmill Eliminator Max Trigger Spray Bottle is suitable for use in **healthcare, catering, commercial and public environments**, including hygiene-critical areas where sanitising is essential. It is ideal for dispensing **extreme performance sanitisers on high-contact surfaces**, ensuring effective hygiene control. Its colour-coded compatibility makes it particularly effective in environments requiring **strict cleaning segregation and compliance**.
