

Windmill HD Descaler – Rapid Periodic Descaler – 5L

Variant code: 05-851

A very strong rapid descaler for periodic limescale removal. Super strength formulation removes stubborn limescale buildups. Ideal for hard water areas and renovating older toilets. Kills odours at source – leaves a fresh bouquet fragrance.

For best results with this descaler, make the toilet/surface slightly wet, apply the descaler sparingly and spread evenly with a brush/scourer, then leave for up to 15 minutes depending on build-up. Use a brush or scourer to agitate then collect slurry and rinse the surface. For heavy scale build-up you may need to re-apply.

WARNING!

Do not use on or near enamel, chrome, stainless steel, marble, terrazzo, stone, linoleum or plastic floors etc.
