Windmill Invincible Cleaner Disinfectant RTU - 750ml

Variant code: 05-281

Windmill Invincible Cleaner Disinfectant RTU is a ready-to-use cleaning and disinfecting solution designed to deliver **effective hygiene control and surface cleaning** in one application. As part of the Windmill Invincible range, it provides a convenient and reliable solution for maintaining cleanliness and reducing the spread of harmful microorganisms in professional and public environments.

Formulated as a **ready-to-use disinfectant**, the product eliminates the need for dilution, allowing for quick and efficient application. It is suitable for use on a wide range of frequently touched surfaces, including door handles, tables, worktops and washroom fixtures. The product is effective against a broad spectrum of bacteria and viruses, supporting infection control in environments where hygiene is critical. Its **pleasant fragrance** ensures treated areas are left fresh and clean after use, enhancing the overall user experience.

Supplied in a **750ml trigger spray format**, it is ideal for quick response cleaning and spot disinfection tasks, making it suitable for both routine cleaning and targeted hygiene control.

Product Features

- Ready-to-use **cleaner disinfectant**
- No dilution required for immediate application
- Suitable for **frequently touched surfaces**
- Effective against a wide range of microorganisms
- **Pleasant fragrance** for a fresh finish
- Convenient **trigger spray format** for easy use

Product Benefits
