Windmill Lustre Luxury Multipurpose Furniture Polish – 5L

Variant code: 06-180

Windmill Lustre is a multipurpose furniture polish designed to deliver **effective cleaning, surface enhancement and protective care** for a wide range of interior surfaces. As part of the Windmill professional cleaning range, it is formulated to clean and polish in one application, helping to maintain the appearance of furniture and fittings in commercial and institutional environments.

The formulation removes dust, fingerprints and light soiling while leaving a smooth, polished finish that enhances surface appearance. It is suitable for use on a variety of surfaces including wood, laminates, plastics and other hard materials commonly found in furniture and interior fittings. The product helps restore clarity and shine while providing a light protective layer to reduce the build-up of dust over time.

Windmill Lustre is designed for routine use, offering consistent results across different cleaning tasks. It is easy to apply using cloths or spray methods, making it suitable for both general maintenance and more targeted cleaning. The formulation leaves a pleasant finish, improving the overall presentation of cleaned areas.
