

Windmill Machine Rinse Aid – Hard Water Dishwash – 5L

Variant code: 04-951

Windmill Machine Rinse Aid Hard Water Dishwash is a concentrated rinse additive designed to deliver **spot-free drying and enhanced finishing performance** in commercial dishwashing systems. Developed for professional environments, it ensures consistent results across varying water conditions, including hard water areas.

This formulation is suitable for use in **enclosed cabinet dishwashers** and all types of automatic dishwashing machines. It promotes **rapid, streak-free drying**, leaving crockery, cutlery and glassware clean, bright and ready for immediate use. The low foaming formulation ensures smooth operation within machine cycles, preventing disruption and maintaining efficiency.

Designed to work effectively in all water conditions, the product helps eliminate spotting and streaking, ensuring **sparkling crockery and cutlery** and **spot-free glassware** after every wash. It is typically used in conjunction with a machine dishwasher detergent to optimise overall cleaning performance.

Supplied in a **5L format**, this rinse aid is ideal for commercial kitchens and catering environments requiring reliable, high-quality finishing results.

Product Features

- Concentrated **machine rinse aid for hard water conditions**
- Suitable for **all dishwashing machines**
- Provides **spot-free and streak-free finish**
- Low foaming formulation for efficient operation
- Promotes **rapid drying of crockery and glassware**
- Compatible with enclosed cabinet dishwashers

Product Benefits

- Ensures sparkling crockery and polished cutlery
- Eliminates spotting and streaking on

- glassware
- Improves drying efficiency and turnaround time
- Maintains consistent performance in all water conditions
- Supports reliable machine operation
- Ideal for high-use professional environments

Technical Characteristics

- Concentrated rinse additive for **automatic dishwashing systems**
- Suitable for **hard and mixed water conditions**
- Low foam formulation for machine compatibility
- Designed for controlled dosing via machine systems
- Works alongside machine dishwasher detergents
- Use in accordance with manufacturer guidelines

Applications

Windmill Machine Rinse Aid Hard Water is suitable for use in **commercial kitchens, catering environments, hospitality venues and food service operations**. It is ideal for ensuring **spot-free drying and a high-quality finish** on crockery, cutlery and glassware, particularly in environments where water hardness may impact cleaning results.
