

Windmill Non-Bio Washing Powder – 10kg (135 Washes)

Variant code: 08-105

Windmill Non-Bio Washing Powder is a high-performance laundry detergent designed to deliver **effective stain removal and reliable cleaning results** across a wide range of fabrics. Suitable for professional and domestic use, it provides consistent performance while being gentle on skin.

This **controlled foam, low lather formulation** is ideal for use in both **front and top loading washing machines**, ensuring efficient rinsing and optimal machine performance. It is highly effective on stains, helping to remove dirt and soiling while maintaining fabric quality.

The non-biological formulation makes it suitable for users requiring a gentler cleaning solution, while still delivering strong cleaning performance. It can also be used for **hand washing**, providing flexibility across different laundry methods.

Supplied in a **10kg pack providing approximately 135 washes**, it offers an economical solution for high-use environments requiring consistent and dependable laundry performance.

Product Features

- Non-biological **laundry washing powder**
- **Controlled foam, low lather formulation**
- Suitable for **front and top loading machines**
- Effective on **stains and general soiling**
- Can be used for **machine and hand washing**
- Large capacity pack for extended use

Product Benefits

- Provides reliable and consistent cleaning results
- Suitable for sensitive skin due to non-bio formulation
- Improves washing efficiency with low foam action
- Flexible use across multiple washing methods
- Cost-effective for high-volume laundry use

- Helps maintain fabric quality and cleanliness

Technical Characteristics

- Pack size: **10kg**
- Provides approximately **135 washes**
- Suitable for **front and top loading machines**
- Low foam formulation for efficient rinsing
- Non-biological detergent composition
- Compatible with hand washing applications

Applications

Windmill Non-Bio Washing Powder is suitable for use in **commercial laundries, healthcare settings, hospitality environments and domestic applications**. It is ideal for washing clothing, uniforms, bedding and general fabrics, delivering effective stain removal and consistent cleaning performance.
