

Windmill Odour Neutraliser Bactericidal Deodoriser – 5L

Variant code: 06-810

Developed as an additive with complete compatibility with extraction shampoos.

Powerful bactericidal action – ideal for all care and institutional applications.

High level of perfume to re-odorise furnishings after the removal of urine, faeces and vomit. Prevents bacteria build up in the carpet fibres.

Odour Neutraliser can be added straight into the detergent tank in the extraction machine.

For strong urine odours the product can be diluted down to equal parts with water for prespraying. Always extract after use, using C034 or C156, where the product has been pre-sprayed.

Property	Value
Fragrance	Lemon
pH	10.5
Dilution	For every 1 litre of cleaning solution in the detergent tank add 10-50ml of product, depending on soiling. Solution can be pre-mixed before pouring in the detergent tank. Odour Neutraliser can be diluted with water 10:1 & sprayed onto a clean carpet
