Windmill Quick Shine - Instant Clean and Shine Floor Cleaner - 5L

Variant code: 03-385

Windmill Quick Shine is a clean and shine floor cleaner designed to deliver **effective cleaning with an instant gloss finish** in one application. As part of the Windmill professional floorcare range, it provides a practical solution for maintaining floor appearance while simplifying routine cleaning processes in commercial and institutional environments.

Formulated to clean and enhance floors simultaneously, the product removes light soiling while leaving behind a subtle shine that improves overall presentation. This dual-action performance reduces the need for separate polishing steps, making it ideal for environments where speed and efficiency are essential. It is particularly suited to maintaining floors that require a consistently presentable finish without intensive maintenance procedures.

Windmill Quick Shine is suitable for use on a wide range of hard floor surfaces and integrates easily into standard cleaning routines. Its formulation allows for straightforward application using conventional mopping systems, delivering consistent results with minimal effort. The product helps maintain surface appearance between deeper maintenance cycles, supporting ongoing floorcare programmes.

Product Features

- Clean and shine **floor cleaner in one application**
- Removes **light dirt and surface soiling**
- Leaves an **instant gloss finish**
- Suitable for a variety of **hard floor surfaces**
- Reduces need for additional polishing steps
- Compatible with standard cleaning equipment

Product Benefits

- Saves time by combining cleaning and finishing
