Windmill Invincible RTU - Cleaner and Santiser - 10L - Windmill Refill

Variant code: 07-212

Windmill Invincible RTU - Cleaner and Santiser - 10L - Windmill Refill is a ready-to-use solution designed to deliver **effective cleaning and sanitising performance** across a wide range of environments. As part of the Windmill professional cleaning range, it is developed to support high hygiene standards and plays an essential role in the **control of cross infection**, particularly in hygiene-critical environments.

Formulated for convenience, this ready-to-use cleaner is suitable for **frequently touched surfaces** such as door handles, tables and banisters, as well as for general cleaning tasks including floor mopping. It combines cleaning and sanitising in one operation, helping to maintain hygienic conditions efficiently. The formulation is **pleasantly perfumed**, leaving a fresh and clean fragrance after use.

The product is **certified against H1N1 Influenza, MRSA and common food poisoning bacteria**, and is effective against Coronavirus, Swine Flu, HIV and Hepatitis C. It meets recognised standards including **EN 1276 and EN 14476**, supporting its use in professional cleaning environments. Manufactured in the UK to **ISO 9001, 14001 and 18001 standards**, it ensures consistent quality and compliance.

Designed with safety in mind, the formulation is **bleach-free, non-hazardous and non-toxic**, making it suitable for use on all common water-washable surfaces. Supplied in a **10L refill format**, it is ideal for high-usage environments requiring a reliable and ready-to-use cleaning solution.

Product Features

Product Benefits

- Supports **infection control in high-risk environments**
- Simplifies cleaning with **ready-to-use format**
- Reduces need for multiple products
- Suitable for a wide range of surfaces
- Enhances cleanliness and freshness
- Provides consistent hygiene performance

Technical Characteristics

- Suitable for use on **all common water-washable surfaces**
- Designed for **direct application without dilution**
- Compatible with **cloths, mops and spray systems**
- Certified against a broad range of **viruses and bacteria**
- Manufactured to recognised **ISO standards**
- Use in accordance with manufacturer guidelines

Applications

This product is suitable for use in **care homes, healthcare environments, schools, sports facilities, hotel washrooms and public spaces**, as well as animal handling areas. It is particularly effective for cleaning **frequently touched surfaces** and maintaining hygiene in high-traffic environments, making it ideal for both routine and preventative cleaning programmes.
