Windmill Invincible Bactericidal Cleaner - 10L - Windmill Refill

Variant code: 07-210

Windmill Invincible - Cleaner and Sanitiser - 10L - Windmill Refill is a concentrated multi-purpose cleaning solution designed to deliver **effective cleaning and sanitising performance** across a wide range of environments. As part of the Windmill professional cleaning range, it supports high hygiene standards and plays an important role in the **control of cross infection**, making it particularly suitable for use in the care sector and public environments.

Formulated for both cleaning and disinfecting, it is effective on **frequently touched surfaces** such as door handles, tables and banisters, as well as for general cleaning and floor mopping. The product leaves a **pleasant, fresh fragrance**, enhancing the overall cleanliness of the environment after use.

Invincible is **certified against H1N1 Influenza, MRSA and common food poisoning bacteria**, and is effective against Coronavirus, Swine Flu, HIV and Hepatitis C. It meets recognised standards including **EN 1276 and EN 14476**. Manufactured in the UK to **ISO 9001, 14001 and 18001 standards**, it ensures consistent quality and compliance.

The formulation is **bleach-free, non-hazardous and non-toxic**, making it safe for use on all common water-washable surfaces. Supplied in a **10L refill format**, it is ideal for high-use environments requiring a reliable and cost-effective cleaning solution.
