Windmill Odour Fresh Cherry - Bactericidal Deodoriser - 1L - Windmill Refill Recharger

Variant code: 07-615

Windmill Odour Fresh Cherry - Bactericidal Deodoriser - 1L - Windmill Refill Recharger is a bactericidal deodoriser designed to deliver effective odour control and hygiene across a wide range of environments. As part of the Windmill Refill system, it supports efficient and controlled product usage while maintaining consistent performance for professional cleaning applications. The formulation combines deodorising action with bactericidal properties to help eliminate odours at source.

A powerful bactericidal deodoriser with a cherry fragrance, it removes odours and kills a wide range of germs caused by pets, urine, faeces, vomit, smoke and foodstuffs. The formulation works to neutralise odour sources rather than simply masking them, leaving a fresh and pleasant fragrance after use.

The product is safe for use on **carpets, fabrics and soft furnishings** that can be wet cleaned, making it suitable for a variety of applications. It can be used across a wide range of dilutions, from neat in extreme cases to up to 1:100 for general freshening. Simply dilute with water and apply using a spray to carpets, curtains and upholstery for effective odour removal.

Supplied as a **1L refill recharger**, it is designed for use within the Windmill dosing system, helping to reduce waste while ensuring accurate and economical product application.

Product Features

- Bactericidal deodoriser with **cherry fragrance**
- Removes odours and kills a wide range of germs
- Suitable for **carpets, fabrics and soft furnishings**
- Effective against odours caused by organic contamination
- Can be used **neat or diluted up to 1:100**

Refill system

Product Benefits

- Eliminates odours at source rather than masking them
- Helps maintain a **fresh and hygienic environment**
- Suitable for a wide range of cleaning scenarios
- Flexible dilution allows controlled and economical use
- Enhances environments with a pleasant fragrance
- Supports efficient and consistent cleaning routines

Technical Characteristics

- Suitable for **wet-cleanable carpets and fabrics**
- Designed for **variable dilution depending on application**
- Compatible with spray application methods
- Provides bactericidal action alongside deodorising
- Designed for use within the **Windmill Refill system**
- Requires use in accordance with manufacturer guidelines

Applications

Windmill Odour Fresh Cherry is suitable for **commercial, industrial and domestic environments**, including care homes, hospitality venues, veterinary settings and public buildings. It is particularly effective in areas where **persistent odours from organic sources** are present, such as carpets, upholstery and soft furnishings. Its flexible dilution and spray application make it ideal for both targeted odour removal and general freshening across a wide range of environments.
