Windmill Wrestler - Heavy Duty Hard Surface Cleaner - 1L - Windmill Refill Recharger

Variant code: 07-245

Windmill Wrestler - Heavy Duty Hard Surface Cleaner - 1L - Windmill Refill Recharger is a heavy-duty cleaning concentrate designed to deliver **powerful removal of grime, grease and built-up dirt** in demanding environments. As part of the Windmill professional cleaning range, it is formulated for intensive cleaning tasks where standard cleaners may not be sufficient.

Developed with a **strong, fast-acting formula**, this cleaner rapidly cuts through heavy contamination and is capable of **stripping polish from floors**, making it suitable for deep cleaning and surface preparation. It is particularly effective in environments such as **industrial areas and commercial kitchens**, where grease and dirt build-up can be significant.

The formulation includes a **controlled foam system**, helping to reduce excess lather and minimise rinsing requirements. This improves efficiency during cleaning operations while ensuring effective coverage across surfaces. Suitable for use on **walls and floors**, it can be applied to materials including rubber, ceramic, concrete and PVC.

Supplied in a **1L recharger format**, it is ideal for controlled dispensing and targeted cleaning applications. Care should be taken during use, as it is **not suitable for aluminium or galvanised surfaces**, and adequate ventilation is recommended.

Product Features

- **Heavy-duty hard surface cleaning concentrate**
- Rapidly removes **grease, grime and dirt build-up**
- Capable of **stripping floor polish**
- **Controlled foam formulation** reduces excess lather
- Suitable for **walls and floors**
- Effective in **industrial and kitchen environments**

Product Benefits

- Delivers powerful cleaning for heavy-duty applications
- Improves efficiency by reducing rinsing requirements
- Removes stubborn build-up effectively
- Suitable for demanding commercial environments
- Supports deep cleaning and surface preparation
- Provides consistent cleaning performance

Technical Characteristics

- Suitable for **rubber, ceramic, concrete and PVC surfaces**
- Designed for use on **walls and floors**
- Controlled foam formulation for efficient application
- Not suitable for **aluminium or galvanised surfaces**
- Requires **adequate ventilation during use**
- Avoid spraying neat material; use in accordance with manufacturer guidance

Applications

This product is suitable for use in **industrial facilities, commercial kitchens, workshops and heavy-duty cleaning environments** where strong cleaning action is required. It is particularly effective for removing **grease and grime build-up** and preparing surfaces such as floors and walls for further treatment or maintenance.

Property	Value
Fragrance	Characteristic
Dilution	For heavy duty cleaning and wax removal dilute Wrestler in 1 part to 10 parts hot or cold water. For general maintenance cleaning dilute Wrester in 1 part to 80 parts hot or cold water.
pH	13
Area of Use	For use on walls and floors including rubber, ceramic, concrete and PVC.
Dosing Chart: 10L Dilution	recharger:120ml
Dosing Chart: 5L Dilution	recharger:60ml
Dosing Chart: Trigger Dilution	recharger:40ml

Property	Value
CLP	corrosive
How to Use	Mop onto floor and allow contact time, use deck scrub or scrubbing machine where necessary and mop/vacuum solution away.
Chemical Colour	Colourless
Frequency of Cleaning	Deep Clean
Cleaning Method	Mopping
Polished or Unpolished Floor	Unpolished
Floor Type	Rubber, Safety Floor and Tiles
Damp Mopping	Dilute 60ml for every 5L if cold water into mop bucket, mop onto floor and allow contact time, use deck scrub or scrubbing machine where necessary and mop/vacuum solution away.
Foamer	Dilute 40ml into Foamer with 140mml cold water and spray onto floor/surface, allow contact time, scrub and rinse surface to neutralise.
